Budget Growth in Recent Years

Project Budget History (\$ in millions)*

Year	Budget Amount	Change from Prior Budget	% Change
2008	1,189.0	-	
2010	1,589.0	400.0	34%
2013	1,899.4	310.4	20%
2016	2,259.4	360.0	19%

- The 2010 increase was a result of receiving \$400 million in ARRA grant for the Train Box. In 2015, TJPA board approved an interim revised budget of \$2,064.4 million.

MTC's Determination of Cost Increases

- Engineer's estimate based on 95% v. 100% construction documents
- Complex design
- Optimistic production rates & escalation cost factor
- Lack of competitive bidders
- Higher bid margins
- Design changes
- FTA risk model different than MTC risk model

Plan of Finance

- The City, in partnership with MTC, is proposing to provide short-term interim financing not to exceed \$260 million to cover the funding gap of approximately \$250 million for Phase 1 of the Transbay Transit Center Project
- The City would issue short-term variable rate certificates at times and in amounts necessary to meet the project construction draws
- A portion of the short-term certificates would be purchased by MTC and a portion would be privately placed with Wells Fargo Bank, N.A.
- The short-term certificates will be repaid from future net tax increment from State-owned Parcels and CFD special taxes in approximately 6-10 years
- Remaining outstanding principal under the short-term certificates would be taken out with long-term financing by the TJPA or the City when the net tax increment revenues matures
- As part of the interim financing, the City and MTC will establish a Cost Review Committee and Public Works will provide construction management and oversight services to the TJPA

Other Considerations

- Schedule of development within the district
- Other project cost unknowns?
- Implications for Future Project Phases

Community Facilities District No. 2014-1

- Transit Center District Plan was formed in 2012
- In 2015, Board and Mayor established Communities Facilities District No. 2014-1 (CFD) and authorized the issuance of bonds in an amount not to exceed \$1.4 billion secured by special taxes within the CFD to pay for downtown rail extension and plan infrastructure
- The Joint Community Facilities Agreement (JCFA) establishes governance structure and the Rate and Method of Apportionment requires the recommendation of the CPC and IPIC in order to initiate the levy of special taxes
- Capital Planning Committee (CPC):
 - Approve Annual 5-year Expenditure Plan
 - Recommend approval of Capital Plan and Capital Budget
 - Recommend changes in CFD revenue allocation
- Director of Public Finance:
 - Authorize bond issuance (subject to Board approval)
 - Authorize tax commencement (subject to CPC and IPIC recommendation)
