

Regional Bay Area Lifelines Restoration Planning Workshops

Fuel, Water / Waste Water, & Power

(October, 2013)

Critical infrastructure Resilience Requires:

- *Sound risk management*
- *Collaboration*
- *Information sharing*
- *Innovation*

The California Resiliency Alliance (CRA), in partnership with URS Corporation and the Bay Area Urban Area Security Initiative (UASI), is pleased to bring you a series of stakeholder workshops in early October that will inform the planning work currently underway for the Restoration of Critical Lifelines Appendix to the Regional Logistics Plan. CRA is reaching out to government, public and private owners and operators of critical infrastructure, and private industry partners that depend on these critical resources to participate.

Workshops will provide opportunities to raise issues and needs in local and regional restoration planning, coordination, and recovery of important lifeline systems - **Power, Water / Waste Water, and Fuel.**

The dates, times, and locations of the workshops (subject to change) are:

- **POWER Lifelines Planning Workshop**
WHEN: Friday, October 4, 2013, 8:30am – 2:00 pm
WHERE: San Ramon Valley Conference Center, 3301 Crow Canyon Rd. San Ramon, CA 94583
- **WATER / WASTE WATER Lifelines Planning Workshop**
WHEN: Monday, October 7, 2013, 10:00am – 4:00 pm
WHERE: East Bay Municipal Utility District Assembly Room, 375 Eleventh Street, Oakland, CA 94607
- **FUEL Lifelines Planning Workshop**
WHEN: Friday, October 11, 2013, 10:00am – 4:00 pm
WHERE: URS Corporation Conference Room, 1333 Broadway, 8th floor, Oakland, CA 94612

We hope that you will save the dates for these opportunities to lend your voice to the planning for the restoration of these critical lifelines. RSVP to hold your space for these important discussions by sending an email to RSVP@caresiliency.org. Please indicate which workshop(s) you plan to attend in the subject line. We will look forward to seeing you there.
