Section 1. Findings.

A. According to the City and County of San Francisco (“City”) Point-in-Time Count conducted in January 2019, about 8,000 people experience homelessness in the City on any given night, and over the course of an entire year, many more people experience homelessness.

B. According to Department of Homelessness and Supportive Housing (“HSH”) records, in Fiscal Year 2018-2019, HSH served about 18,000 people experiencing homelessness, and of those, 4,000 have a history of both mental health and substance use disorders.

C. An estimated 24,500 people inject drugs in the City and recent data indicate that 39 percent of people who inject drugs in the City reported injecting methamphetamine. Methamphetamine is increasingly being consumed in public spaces, and residents are more regularly encountering individuals who present challenging psychosis-related behaviors or experience moments of mental health crisis.

D. The City, through HSH, currently offers temporary shelter to approximately 3,400 people per night through shelters, Navigation Centers, stabilization beds, and transitional housing -- 566 additional beds have opened since October 2018 and another 499 are in development -- but additional shelter beds are needed to match the waitlist for individuals looking to access shelter.

E. The City administers locally and federally funded supportive housing to provide long-term affordable housing with on-site social services to people exiting chronic homelessness through a portfolio that includes renovated Single Room Occupancy hotels, newly constructed units, and apartment buildings that operate under a master lease between

1 private property owners and the City (“Permanent Supportive Housing”), but the City does not  
2 have a sufficient supply of Permanent Supportive Housing units to meet the demand.

3 F. DPH provides behavioral health services in a number of settings and through a  
4 number of different mechanisms including at existing facilities such as San Francisco General  
5 Hospital, the Behavioral Health Access Center, Residential Care Facilities, community clinics,  
6 and through contracts with nonprofit service providers.

7 G. When there is not enough capacity at any one level of care or facility, longer wait  
8 times for services have a detrimental effect on the ability of people to heal and become  
9 healthier, and the City has an inadequate number of beds to help those recovering from  
10 substance use, mental health, or a dual diagnosis, with some residential care facilities having  
11 wait lists of up to seven months as of 2019.

12 H. Limited state and federal resources and the high cost of construction put a  
13 greater burden on local governments to contribute their own limited resources to produce  
14 more facilities to serve those struggling with behavioral health and substance use disorders,  
15 temporary shelters, and permanent supportive housing, and consequently the City’s supply of  
16 these resources has not kept pace with demand.

17 I. The proposed Health and Recovery Bond (“Bond”) will provide a portion of the  
18 critical funding necessary to acquire or improve real property, including permanent supportive  
19 housing and shelters, and existing and potential new behavioral health facilities and  
20 institutions.

21 J. On March 16, 2020, the Public Health Officers of six Bay Area counties jointly  
22 issued a Shelter in Place Public Health Order to protect the health and well-being of Bay Area  
23 residents in the face of the COVID-19 Public Health Emergency (“Public Health Emergency”).

24 K. The Public Health Emergency brought with it City unemployment levels  
25 approaching 10% within three weeks of the first Shelter in Place Public Health Order and full

1 or partial job loss impacts on industries with an estimated 166,936 employees, creating an  
2 urgent need to invest in projects that create jobs and support the City's economic recovery.

3 L. The City's most recent 10-year capital plan identifies a deferred maintenance  
4 backlog of \$799 million for streets and General Fund facilities, and the Recreation and Parks  
5 Department's more recent facilities condition assessment shows \$950 million in deferred  
6 maintenance.

7 M. Infrastructure investment is a known and tested jobs stimulus strategy with a  
8 strong multiplier effect, estimated at 5.93 jobs for every million dollars in construction  
9 spending according to the REMI Policy Insight model.

10 N. Since 2005, the City has engaged in regular, long-term capital planning to  
11 identify and advance shovel-ready projects that deliver improvements in line with adopted  
12 funding principles that prioritize legal and regulatory mandates, life safety and resilience,  
13 asset preservation and sustainability, programmatic and planned needs, and economic  
14 development.

15 O. Parks, recreation facilities, open spaces, streets, curb ramps, street structures,  
16 and plazas are all essential infrastructure for which the City is responsible and must maintain  
17 a state of good repair for public health, safety, and equitable accessibility.

18 P. Parks, recreation facilities, and open spaces offer space to relax and enjoy  
19 nature and places to play and exercise, increase residents' quality of life, support good mental  
20 and physical health, and can help people deal with trauma or find comfort in a time of distress,  
21 as a growing body of work shows that time spent outdoors in natural environments can help  
22 lower stress, depression, anxiety, diabetes, risk of preterm birth, high blood pressure, asthma,  
23 stroke, heart disease and other health improvements.

24 Q. During the Public Health Emergency, City residents have sought solace  
25 and refuge in City parks and open spaces and heavily utilized these spaces for exercise

1 and as an alternative to private back yards, and more so in denser neighborhoods and in  
2 Equity Zones.

3 R. During the Public Health Emergency, many of the City’s recreation facilities  
4 served as childcare centers for emergency and healthcare workers, helping to alleviate child  
5 care concerns for these important professionals.

6 S. A recent survey by the National Recreation and Park Association (NRPA) found  
7 that eighty-three percent (83%) of American adults agree that visiting their local parks, trails  
8 and open spaces is essential for their mental and physical well-being during the COVID-19  
9 Emergency, and fifty nine percent (59%) said that access to these amenities is very or  
10 extremely essential to their mental and physical health during this crisis.

11 T. A park system as large and diverse as the City’s -- over 220 parks spread over  
12 3,400 acres, and containing 181 playgrounds, 82 recreation centers and clubhouses, 37  
13 community gardens, 29 off-leash dog areas, 9 swimming pools, and numerous tennis courts,  
14 ball fields, soccer fields, and other sports and athletic venues -- requires continued and  
15 consistent investment to address dilapidated playgrounds, worn out playfields, run-down  
16 buildings, and crumbling outdoor courts.

17 U. The City is responsible for the state of good repair of more than 1,200 miles of  
18 streets, approximately 50,000 curb ramp locations, 371 street structures, and 9 plazas, which  
19 are heavily used and have longstanding deferred maintenance needs.

20 V. Streets, curb ramps, street structures, and plazas connect people to jobs,  
21 hospitals, shopping centers, and transit -- places that are vital to daily life -- and providing  
22 smooth and pot-hole free streets and pedestrian right-of-way is essential to reducing the costs  
23 of road-induced damage, preventing accidents for bicyclists and drivers, and creating safe  
24 passage for pedestrians.

1 W. City staff have identified and planned several park, open space, and recreation  
2 facilities improvement projects to address public safety hazards, improve waterfront access,  
3 improve disabled access, enhance the condition of neighborhood and citywide park,  
4 recreation, and open space facilities and lands, address deferred maintenance, support  
5 population growth, enhance green infrastructure, improve climate resiliency and seismic  
6 safety, ensure equitable access to high-quality open spaces, and other issues facing the  
7 City's park system that can put people to work quickly and support local economic recovery.

8 X. The Bond will provide a portion of the critical funding necessary to acquire or  
9 improve real property, including to improve the safety and quality of neighborhood, citywide  
10 and waterfront parks and open spaces and recreation facilities under the jurisdiction of the  
11 Recreation and Park Commission.

12 Y. City staff have identified street repaving, curb ramp, street structures, and plaza  
13 improvement programs to address public safety hazards, reduce the backlog of deferred  
14 maintenance, improve disabled access, and equitably improve the public right-of-way that can  
15 similarly put people to work quickly.

16 Z. The Bond will provide a portion of the funding necessary to acquire or improve  
17 real property, including to improve access for the disabled and the condition of the City's  
18 streets and other public right-of-way and related assets.

19 AA. City staff have identified a capital improvement need totaling \$438,500,000 in  
20 projects and programs relating to acquiring or improving real property, including to stabilize,  
21 improve, and make permanent investments in supportive housing facilities, shelters, and/or  
22 facilities that deliver services to persons experiencing mental health challenges, substance  
23 use disorder, and/or homelessness; improve the safety and quality of neighborhood, citywide,  
24 and waterfront parks and open spaces and recreation facilities under the jurisdiction of the  
25 Recreation and Park Commission; and improve access for the disabled and the condition of

1 the City's streets and other public right-of-way and related assets (as further defined in  
2 Section 3 below).

3 BB. The proposed Bond will allow the City to finance the acquisition or improvement  
4 of the Project (as defined in Section 3 herein) in the most cost-effective manner possible.

5 CC. The proposed Bond is recommended by the City's 10-year capital plan,  
6 approved each odd-numbered year by the Mayor of the City and this Board of Supervisors of  
7 the City ("Board")

8 Section 2. A special election is called and ordered to be held in the City on Tuesday,  
9 November 3, 2020, for the purpose of submitting to the electors of the City a proposition to  
10 incur bonded indebtedness of the City for the programs described in the amount and for the  
11 purposes stated (herein collectively, "Project"):

12 "HEALTH AND RECOVERY BONDS. \$438,500,000 to acquire or improve real  
13 property, including to: stabilize, improve, and make permanent investments in supportive  
14 housing facilities, shelters, and/or facilities that deliver services to persons experiencing  
15 mental health challenges, substance use disorder, and/or homelessness; improve the  
16 accessibility, safety and quality of parks, open spaces and recreation facilities; improve the  
17 accessibility, safety and condition of the City's streets and other public right-of-way and  
18 related assets; and to pay related costs; with a duration of up to 30 years from the time of  
19 issuance, an estimated average tax rate of \$0.011/\$100 of assessed property value, and  
20 projected average annual revenues of \$35,000,000, all subject to independent citizen  
21 oversight and regular audits; and authorizing landlords to pass-through to residential tenants  
22 in units subject to Administrative Code Chapter 37 (the "Residential Rent Stabilization and  
23 Arbitration Ordinance") 50% of the increase in the real property taxes attributable to the cost  
24 of the repayment of such Bonds."

1 The special election called and ordered to be held hereby shall be referred to in this  
2 ordinance as the "Bond Special Election."

3 Section 3. PROPOSED PROGRAM. Contractors and City departments shall  
4 comply with all applicable City laws when awarding contracts or performing work funded with  
5 the proceeds of Bonds authorized by this measure, including:

6 A. FACILITIES TO DELIVER SERVICES FOR PEOPLE EXPERIENCING  
7 MENTAL HEALTH CHALLENGES, SUBSTANCE USE DISORDER, AND/OR  
8 HOMELESSNESS: \$197,000,000 of Bond proceeds will be allocated to acquire or improve  
9 real property, including but not limited to finance the construction, acquisition, development,  
10 improvement, expansion, rehabilitation, and preservation of priority behavioral health  
11 investments such as permanent supportive housing units, shelters, locked sub-acute  
12 treatment facilities, residential treatment facilities, residential stepdown facilities, behavioral  
13 health respite facilities, detox facilities, a new centralized Behavioral Health Access Center,  
14 existing community health facilities that deliver behavioral health services to vulnerable  
15 populations, and facilities for long-term placements such as board and care and other  
16 residential care.

17 B. PARK, OPEN SPACE, AND RECREATION FACILITIES: \$200,000,000 of  
18 Bond proceeds will be allocated to acquire or improve real property, including but not limited  
19 to finance the construction, acquisition, development, improvement, expansion, rehabilitation,  
20 and preservation of neighborhood, citywide, and waterfront parks and open spaces and  
21 recreation facilities under the jurisdiction of the Recreation and Park Commission.

22 This Bond finances both specific projects at specific locations and also sets up a  
23 funding mechanism to be used for certain kinds of work where specific projects at specified  
24 locations are not yet identified but will be proposed following a design and planning process.  
25 The Neighborhood Parks allotment includes identified projects located at India Basin, Gene

1 Friend Recreation Center, Herz Playground Recreation Center, Buchanan Street Mall, and  
2 Japantown Peace Plaza. The proposed Park, Open Space and Recreation Facilities funding  
3 can be summarized as follows:

4	1.	Neighborhood Parks =	\$121,000,000
5	2.	Citywide Parks =	\$18,000,000
6	3.	Recovery Parks =	\$18,000,000
7	4.	Playgrounds =	\$10,000,000
8	5.	Sustainability =	\$20,000,000
9	6.	Community Opportunity Fund =	\$6,000,000
10	7.	Mini parks =	\$1,000,000
11	8.	Trails =	\$2,000,000
12	8.	Community Gardens =	\$600,000
13	9.	Contingency =	\$1,400,000
14	10.	Administration =	\$2,000,000

15 Total Bond Funding for Park, Open Space, and Recreation Facilities =  
16 \$200,000,000

17 C. STREETS, CURB RAMPS, STREET STRUCTURES AND PLAZAS:

18 \$41,500,000 of Bond proceeds will be allocated to acquire or improve real property,  
19 including but not limited to finance the repaving and reconstruction of roads, the rehabilitation  
20 and seismic improvement of street structures and plazas, and the installation and renovation  
21 of curb ramps.

22 D. CITIZENS' OVERSIGHT COMMITTEE. A portion of Bond proceeds shall be  
23 used to perform audits of Bond expenditures implied by or necessary incident to the  
24 acquisition or improvement of real property for the Project, as further described in Section 4  
25 and Section 16 herein.

1 Section 4. BOND ACCOUNTABILITY MEASURES.

2 The Bonds shall include the following administrative rules and principles:

3 A. OVERSIGHT. The proposed Bond funds shall be subject to approval processes  
4 and rules described in the San Francisco Charter and Administrative Code. Pursuant to  
5 Administrative Code Section 5.31, the Citizens' General Obligation Bond Oversight  
6 Committee shall conduct an annual review of Bond spending, and shall provide an annual  
7 report of the Bond program to the Mayor and the Board.

8 B. TRANSPARENCY. The City shall create and maintain a web page outlining and  
9 describing the bond program, progress, and activity updates. The City shall also hold an  
10 annual public hearing and review on the bond program and its implementation before the  
11 Capital Planning Committee and the Citizens' General Obligation Bond Oversight Committee.

12 Section 5. The estimated cost of the bond-financed portion of the project described  
13 in Section 2 above was fixed by the Board by the following resolution and in the amount  
14 specified below:

15 Resolution No. \_\_\_\_\_, on file with the Clerk of the Board in File No.

16 \_\_\_\_\_ \$438,500,000.

17 Such resolution was passed by two-thirds or more of the Board and approved by the  
18 Mayor. In such resolution it was recited and found by the Board that the sum of money  
19 specified is too great to be paid out of the ordinary annual income and revenue of the City in  
20 addition to the other annual expenses or other funds derived from taxes levied for those  
21 purposes and will require expenditures greater than the amount allowed by the annual tax  
22 levy.

23 The method and manner of payment of the estimated costs described in this ordinance  
24 are by the issuance of Bonds by the City not exceeding the principal amount specified.

25

1           Such estimate of costs as set forth in such resolution is adopted and determined to be  
2 the estimated cost of such bond-financed improvements and financing, respectively.

3           Section 6.    The Bond Special Election shall be held and conducted and the votes  
4 received and canvassed, and the returns made and the results ascertained, determined, and  
5 declared as provided in this ordinance and in all particulars not recited in this ordinance such  
6 election shall be held according to the laws of the State of California (“State”) and the Charter  
7 of the City (“Charter”) and any regulations adopted under State law or the Charter, providing  
8 for and governing elections in the City, and the polls for such election shall be and remain  
9 open during the time required by such laws and regulations.

10          Section 7.    The Bond Special Election is consolidated with the General Election  
11 scheduled to be held in the City on Tuesday, November 3, 2020 (“General Election”). The  
12 voting precincts, polling places, and officers of election for the General Election are hereby  
13 adopted, established, designated, and named, respectively, as the voting precincts, polling  
14 places, and officers of election for the Bond Special Election called, and reference is made to  
15 the notice of election setting forth the voting precincts, polling places, and officers of election  
16 for the General Election by the Director of Elections to be published in the official newspaper  
17 of the City on the date required under the laws of the State.

18          Section 8.    The ballots to be used at the Bond Special Election shall be the ballots to  
19 be used at the General Election. The word limit for ballot propositions imposed by Municipal  
20 Elections Code Section 510 is waived. On the ballots to be used at the Bond Special Election,  
21 in addition to any other matter required by law to be printed thereon, shall appear the following  
22 as a separate proposition:

23               "HEALTH AND RECOVERY BONDS. To finance the acquisition or improvement of real  
24 property, including to: stabilize, improve, and make permanent investments in supportive  
25 housing facilities, shelters, and/or facilities that deliver services to persons experiencing

1 mental health challenges, substance use disorder, and/or homelessness; improve the  
2 accessibility, safety and quality of parks, open spaces and recreation facilities; improve the  
3 accessibility, safety and condition of the City's streets and other public right-of-way and  
4 related assets; and to pay related costs; shall the City and County of San Francisco issue  
5 \$438,500,000 in general obligation bonds with a duration of up to 30 years from the time of  
6 issuance, an estimated average tax rate of \$0.011/\$100 of assessed property value, and  
7 projected average annual revenues of \$35,000,000, subject to independent citizen oversight  
8 and regular audits?"

9 The City's current debt management policy is to keep the property tax rate for City  
10 general obligation bonds below the 2006 rate by issuing new bonds as older ones are retired  
11 and the tax base grows, though this property tax rate may vary based on other factors.

12 Each voter to vote in favor of the foregoing bond proposition shall mark the ballot in the  
13 location corresponding to a "YES" vote for the proposition, and to vote against the proposition  
14 shall mark the ballot in the location corresponding to a "NO" vote for the proposition.

15 Section 9. If at the Bond Special Election it shall appear that two-thirds of all the  
16 voters voting on the proposition voted in favor of and authorized the incurring of bonded  
17 indebtedness for the purposes set forth in such proposition, then such proposition shall have  
18 been accepted by the electors, and the Bonds authorized shall be issued upon the order of  
19 the Board. Such Bonds shall bear interest at a rate not exceeding that permitted by law.

20 The votes cast for and against the proposition shall be counted separately and when  
21 two-thirds of the qualified electors, voting on the proposition, vote in favor, the proposition  
22 shall be deemed adopted.

23 Section 10. The actual expenditure of Bond proceeds provided for in this ordinance  
24 shall be net of financing costs.

25

1 Section 11. For the purpose of paying the principal and interest on the Bonds, the  
2 Board shall, at the time of fixing the general tax levy and in the manner for such general tax  
3 levy provided, levy and collect annually each year until such Bonds are paid, or until there is a  
4 sum in the Treasury of the City, or other account held on behalf of the Treasurer of the City,  
5 set apart for that purpose to meet all sums coming due for the principal and interest on the  
6 Bonds, a tax sufficient to pay the annual interest on such Bonds as the same becomes due  
7 and also such part of the principal thereof as shall become due before the proceeds of a tax  
8 levied at the time for making the next general tax levy can be made available for the payment  
9 of such principal.

10 Section 12. This ordinance shall be published in accordance with any State law  
11 requirements, and such publication shall constitute notice of the Bond Special Election and no  
12 other notice of the Bond Special Election hereby called need be given.

13 Section 13. The Board, having reviewed the proposed legislation, makes the following  
14 findings in compliance with the California Environmental Quality Act ("CEQA"), California  
15 Public Resources Code, Sections 21000 et seq., the CEQA Guidelines, 15 Cal. Administrative  
16 Code, Sections 15000 et seq., ("CEQA Guidelines"), and San Francisco Administrative Code,  
17 Chapter 31. The Board, finds, affirms and declares:

18 A. FACILITIES TO DELIVER SERVICES FOR PEOPLE EXPERIENCING MENTAL  
19 HEALTH CHALLENGES, SUBSTANCE USE DISORDER, AND/OR HOMELESSNESS:

20 The proposed funding described in Section 3A of this Ordinance is excluded from  
21 CEQA because such funding is not defined as a "project" under CEQA Guidelines section  
22 15378(b)(4), but is the creation of a government funding mechanism that does not involve any  
23 commitment to any specific projects at any specific locations.

24 B. PARK, OPEN SPACE, AND RECREATION FACILITIES  
25

1 (i) For the improvements to the India Basin Open Space (as defined in Section  
2 3B of this ordinance), the Board of Supervisors, in Motion No. 18-136, affirmed certification of  
3 the India Basin Mixed-Use Project Final Environmental Impact Report (State Clearinghouse  
4 Number 2016062003) and, in Ordinance No. 252-18, adopted findings under CEQA related to  
5 approvals in furtherance of the project and Development Agreement, including adoption of a  
6 Mitigation Monitoring and Reporting Program (“MMRP”), and a Statement of Overriding  
7 Considerations. The Planning Department determined that no further environmental review for  
8 this proposal is required because there are no changes to the approved Project or its  
9 surrounding circumstances that would necessitate additional environmental review, for the  
10 reasons set forth in its Memorandum dated May \_\_, 2020. The findings contained in  
11 Ordinance No. 258-18, including the MMRP, and the Planning Department Memorandum  
12 dated May XX, 2020, are hereby incorporated into this Ordinance as though fully set forth  
13 herein. For purposes of this Ordinance, the Board relies on said actions and their supporting  
14 documents, copies of which are in Board of Supervisors File Nos. 180842 and 180681 and  
15 incorporates these documents by reference;

16 (ii) Four other Neighborhood Park projects, the Gene Friend Recreation Center,  
17 the Herz Playground Recreational Center, Buchanan Street Mall, and the Japantown Peace  
18 Plaza, each have been determined to be categorically exempt under CEQA. The separate  
19 projects located at the Gene Friend Recreation Center and the Herz Recreational Center were  
20 each determined to be exempt as Category 32 exemptions for Infill Development Projects,  
21 and the separate projects located at the Buchanan Street Mall and the Japantown Peace  
22 Plaza were each determined to be exempt as a Category 1 exemption as a minor alteration to  
23 an existing facility, with Buchanan Street Mall also determined to be exempt as a Category 4  
24 exemption as a minor alteration to existing land, as set forth in the Planning Department’s  
25 memorandum dated May \_\_, 2020, which determinations are hereby affirmed and adopted by

1 this Board for the reasons set forth in the Planning Department’s Memorandum dated May \_\_\_,  
2 2020; and

3 (iii) The remaining proposed Parks, Open Space and Recreation Facilities  
4 funding identified in Section 3B2 to 3B10 (the “Program Funding”) is excluded from CEQA  
5 because the Program Funding is not defined as a "project" under CEQA Guidelines section  
6 15378(b)(4), but is the creation of a government funding mechanism that does not involve any  
7 commitment to any specific projects at any specific locations.

8 C. STREETS, CURB RAMPS, STREET STRUCTURES AND PLAZAS: the proposed  
9 funding described in Section 3C of this Ordinance is excluded from CEQA because such  
10 funding is not defined as a "project" under CEQA Guidelines section 15378(b)(4), but is the  
11 creation of a government funding mechanism that does not involve any commitment to any  
12 specific projects at any specific locations.

13 D. CITIZENS’ OVERSIGHT COMMITTEE: the funding described in Section 3D of  
14 this Ordinance is excluded from CEQA because the funding is not defined as a "project" under  
15 CEQA Guidelines section 15378(b)(5), but is organizational activity that does not result in a  
16 direct or indirect impact on the environment.

17 Section 14. The Board finds and declares that the proposed Bonds (a) were referred  
18 to the Planning Department in accordance with Section 4.105 of the San Francisco Charter  
19 and Section 2A.53(f) of the Administrative Code, (b) are in conformity with the priority policies  
20 of Section 101.1(b) of the San Francisco Planning Code, and (c) are consistent with the City’s  
21 General Plan, and adopts the findings of the Planning Department, as set forth in the General  
22 Plan Referral Report dated \_\_\_\_\_, a copy of which is on file with the Clerk of the  
23 Board in File No. \_\_\_\_\_ and incorporates such findings by this reference.

24 Section 15. Under Section 53410 of the California Government Code, the Bonds shall  
25 be for the specific purpose authorized in this ordinance and the proceeds of such Bonds will

1 be applied only for such specific purpose. The City will comply with the requirements of  
2 Sections 53410(c) and 53410(d) of the California Government Code.

3 Section 16. The Bonds are subject to, and incorporate by reference, the applicable  
4 provisions of Administrative Code Sections 5.30-5.36 (the "Citizens' General Obligation Bond  
5 Oversight Committee"). Under Administrative Code Section 5.31, to the extent permitted by  
6 law, 0.1% of the gross proceeds of the Bonds shall be deposited in a fund established by the  
7 Controller's Office and appropriated by the Board of Supervisors at the direction of the  
8 Citizens' General Obligation Bond Oversight Committee to cover the costs of such committee.

9 Section 17. The time requirements specified in Administrative Code Section 2.34 are  
10 waived.

11 Section 18. The City hereby declares its official intent to reimburse prior expenditures  
12 of the City incurred or expected to be incurred prior to the issuance and sale of any series of  
13 the Bonds in connection with the Project. The Board hereby declares the City's intent to  
14 reimburse the City with the proceeds of the Bonds for expenditures with respect to the Project  
15 (the "Expenditures" and each, an "Expenditure") made on and after that date that is no more  
16 than 60 days prior to the passage of this ordinance. The City reasonably expects on the date  
17 hereof that it will reimburse the Expenditures with the proceeds of the Bonds.

18 Each Expenditure was and will be either (a) of a type properly chargeable to a capital  
19 account under general federal income tax principles (determined in each case as of the date  
20 of the Expenditure), (b) a cost of issuance with respect to the Bonds, or (c) a nonrecurring  
21 item that is not customarily payable from current revenues. The maximum aggregate principal  
22 amount of the Bonds expected to be issued for the Project is \$438,500,000. The City shall  
23 make a reimbursement allocation, which is a written allocation by the City that evidences the  
24 City's use of proceeds of the applicable series of Bonds to reimburse an Expenditure, no later  
25 than 18 months after the later of the date on which the Expenditure is paid or the related

1 portion of the Project is placed in service or abandoned, but in no event more than three years  
2 after the date on which the Expenditure is paid. The City recognizes that exceptions are  
3 available for certain “preliminary expenditures,” costs of issuance, certain de minimis  
4 amounts, expenditures by “small issuers” (based on the year of issuance and not the year of  
5 expenditure) and Expenditures for construction projects of at least five years.

6 Section 19. Landlords may pass through to residential tenants under the Residential  
7 Rent Stabilization and Arbitration Ordinance (Administrative Code Chapter 37) 50% of any  
8 property tax increase that may result from the issuance of Bonds authorized by this ordinance.  
9 The City may enact ordinances authorizing tenants to seek waivers from the pass-through  
10 based on financial hardship.

11 Section 20. The appropriate officers, employees, representatives, and agents of the  
12 City are hereby authorized and directed to do everything necessary or desirable to accomplish  
13 the calling and holding of the Bond Special Election, and to otherwise carry out the provisions  
14 of this ordinance.

15 Section 21. Documents referenced in this ordinance are on file with the Clerk of the  
16 Board of Supervisors in File No. \_\_\_\_\_, which is hereby declared to be a part of this  
17 ordinance as if set forth fully herein.
