Priority Student Groups

69

We have identified a number of priority groups for in person learning. The Teaching and Learning Work Group highlighted four subsets of the population that would benefit from in-person learning first:

- Our youngest learners PK-2
- Students with moderate to severe disabilities
- Vulnerable Populations (homeless, foster youth)
- Students with less than 60% of the time engaged in online learning

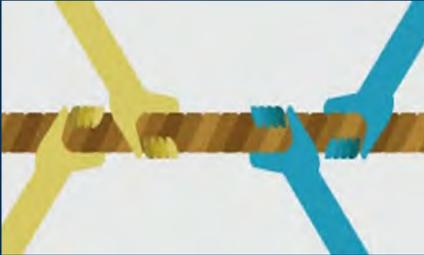

Grouping Options/Possibilities for Students

We are identifying different ways to group students, modeling options for scheduling small student cohorts on alternating days, half days or week/month long blocks.

Rethinking the Use of Time and Space

We are rethinking time and space to facilitate in-person learning, a component of our District's [10-Big Shifts](#) as outlined in Vision 2025. Examples being explored include, but are not limited to, outdoor learning facilities, access for targeted student populations, and rotating schedules for students.

First 30 Days At a Glance

Wellness & Authentic Partnership

Coordinated Care Team:

Members include the school based staff whose work focuses on school climate and aims to support the implementation of schoolwide and classroom based practices to support student, staff and family wellness and partnership.

Consistent Two-Way Communication

Intentional Outreach to families and establishment of structures for two-way communication and relationship between home and school.

District Wide Wellness Checks

In August, November, February and April. The Wellness Check primary focus to listen to and affirm the needs of our families, to offer links to immediate resources and to identify families for further follow-up.

Supports for Special Student Populations

SAN FRANCISCO UNIFIED SCHOOL DISTRICT

Students with Individualized Education Plans

Special education students require specialized academic instruction and related services in order to access and thrive educationally. We know that we have to be intentional in our support for students with IEPs to support their needs in distance learning.

English Learners

English learners benefit from routines and consistency across grade levels and teachers. English Learners require Designated and daily Integrated ELD to support their language development needs.

Foster, Homeless, Sheltered & Recently Detained

These students and families are already managing other big transitions during our collective transition and we will work to ensure support is in place to onboard them smoothly, build connections to the school community, and check regularly to address barriers as they arise.

Students who we were challenged to engage

Students who logged on and/or participated in distance learning less than sixty percent of the time during the Spring semester and need a different approach to supporting successful learning for the Fall.

Grab & Go Meals

Grab & Go meals will continue at 18 school sites

- Since Spring 2020, SFUSD has distributed 3 million meals to students and families.
- USDA policy extension of providing free meals to **all students, regardless of eligibility.**
