 2. **Overview of the Concrete Building Safety Program** *(20 min)*
 - a. Meet the City team!
 - b. Learn about the program's history, goals, design strategy, and timeline
 - c. Hear the City's vision for the working group's role in the program design process
 - d. Ask questions of the City team

 3. **Introduction to Concrete Buildings, Inventory & Vulnerabilities** *(30 min)*
 - a. Gain a baseline understanding of what is at stake with concrete buildings in the event of an earthquake
 - b. Receive a preview of the building walking tour scheduled for October 24
 - c. Ask questions of the City team

 4. **Short Break** *(5 min)*

 5. **Working Group Purpose & Process** *(30 min)*
 - a. Co-create community agreements
 - b. Provide feedback on programmatic areas of influence
 - c. Practice building group consensus
 - d. Provide feedback on how the group will work together

 6. **Wrap Up & Next Steps** *(10 min)*
 - a. Receive a preview of upcoming topics at future meetings
 - b. Hear closing comments from City leadership
-

Concrete Building Safety Program

Stakeholder Working Group Meeting #1 Agenda

Meeting Purpose

1. Build a shared understanding of program goals, constraints, strategy and team roles
 2. Build a foundation of knowledge about the critical technical issues involved in retrofitting concrete buildings
 3. Build a shared understanding of working group roles and process for making recommendations
-

Meeting Background Materials

1. [Concrete Building Safety Program Overview](#)
 2. [Stakeholder Working Group Roles & Responsibilities](#)
 3. [Stakeholder Engagement Summary Report \(July 2022\)](#)
 4. [Community Action Plan for Seismic Safety Report \(2010 – recommend searching for the word “concrete” rather than reading the full report\)](#)
-
